MAXIMIZE STYLE AND PERFORMANCE

Naked motorcycle design meets scrambler ruggedness on the Leoncino 125. As the small-displacement model within Benelli's renown Leoncino range, this edition demonstrates big performance comes in compact packages. Classic scramblers inspire its neo-retro aesthetic while the approachable 125cc engine make this model ideal for asphalt routes and city riding.

01 Central LCD Display

Know all your ride metrics at a glance with the large LCD dashboard intelligently placed in front of the handlebars.

02 Stand-out LED Headlight

The large, oblong-shaped headlight shines bright and preserves a retro aesthetic.

03 Smooth and Stable Ride

The front inverted fork offers 125mm of travel and the rear mono-shock delivers 60mm of cushion out on the road.

04 Asphalt-loving Tyres

17" aluminum alloy wheels with 100/80-17 and 130/70-17 road tyres.

05 125cc Displacement

Powerful 4-stroke, liquid-cooled engine that's fine-tuned for developing riders and city motorists.

06 Upswept Muffler

Sleek exhaust system with the recognizable Leoncino sound, integrated heat shield, and silver detailing.

07 Confident Braking

Enhanced control and stopping power from the front 280mm and rear 220mm disc brakes.

08 Leoncino Legacy

The small-displacement sibling of the Leoncino range, this bike boasts a roaring aesthetic and the lion fender ornament.

09 Comfortable Double Saddle

Premium materials and padding ensure an enjoyable solo ride or two-person adventure.

10 Cohesive Silhouette

The 12.5-liter capacity painted fuel tank seamlessly combines with the rest of the bike, elevating the neo-retro look.

The Leoncino 125 is a naked motorcycle at heart and incorporates design elements from retro scramblers. While the bike's slick road tires confirm that paved surfaces are where this model thrives, its rugged and attractive silhouette stands out in the urban environment. Built for city use where large-displacement machines aren't ideal, the 125cc 4-stroke engine serves riders searching for a nimble and agile motorcycle that'll soar through the streets.
